

1,941 Dams of Distinction Honored

The Dams of Distinction program recognizes superior cows in the breed and the cattle producers who manage them based on data submitted to the American Hereford Association (AHA). Efficient, fertile and productive females are the foundation of the most successful cow herds.

To be honored as a 2009 Dam of Distinction, a cow must have:

- 1) Weaned a calf born since Jan. 1, 2008.
- 2) Produced at least three calves.
- 3) Initially calved at 30 months of age or less.
- 4) Had an interval between the first and second calves of no greater than 400 days. In addition, a 370-day calving interval must have been maintained after her second calf. The longer initial calving interval allows breeders to calve 2-year-old heifers prior to the mature cow herd.
- 5) Had weaning records submitted to the AHA Whole Herd Total Performance Records (TPR™) Program for every calf produced that was born before June 30, 2009.
- 6) Had a progeny average 205-day adjusted weaning weight ratio of at least 105.

A cow receiving the Dam of Distinction honor is a cow that meets the highest standards of commercial cattle production. The cow must do her job, but also her owner must manage the herd correctly to give her the opportunity to excel. Only a few active cows are recognized. All heifers have the potential to be a Dam of Distinction, but only a small percentage fit the job description of an ideal cow year in and year out. For more information about the Dams of Distinction Program, visit Hereford.org, click on "Records/TPR" and select "Recognition Programs." Females attaining the Dam of Distinction status are recognized with "DOD" after their names on the AHA Web site, Hereford.org.

The 2009 Dams of Distinction list recognizes 1,941 Hereford cows from 639 Hereford performance herds in 43 different states. For 29 years Rausch Herefords, Hoven, S.D., has led Hereford breeders with the most cows qualifying as Dams of Distinction. With 306 cows recognized, South Dakota is the top state again this year. A list of the top 20 states, top 20 breeders and breeders who have females recognized follows.

Top 20 States

Rank	State	No. of Dams
1	South Dakota	306
2	Nebraska	213
3	Kansas	140
4	Montana	135
5	North Dakota	117
6	Missouri	94
7	Illinois	82
8	Texas	75
9	Minnesota	69
10	Idaho	65
11	Oregon	59
12	Wyoming	58
12	Iowa	58
14	Wisconsin	54
15	Oklahoma	50
16	Colorado	47
17	Indiana	29
18	Tennessee	28
18	Utah	28
20	California	27
